Dear Magdalene

Just a short note to thank you for your strong support of Hotel Phoenix over the last few years. In fact, this year we continue to see an increase of bookings from your website and from January to July, you have already generated 1,159 room nights for our hotel. Compared to the same period last year, your production to us has gone-up by 68%!

We would also like to take this opportunity to commend your management for their commitment to working partners as well as continually making a conscious effort in developing new products.
