### **4TH QUARTER AND FULL YEAR ROOM NIGHTS GROWTH PERFORMANCE**

The Management of Asiatravel.com Holdings Limited wishes to inform that we have just ended our financial 2007 on 30<sup>th</sup> September and are pleased to announce the continuing growth in our core online hotel reservation business in the 4<sup>th</sup> quarter of FY 2007.

On the average, total online monthly room nights<sup>(1)</sup> are showing growth of **36%**, **28%** and **37%** in July, August and September 2007 respectively resulting in the 4<sup>th</sup> Quarter year-on-year growth of **34%**. Together with the 1<sup>st</sup> three quarters growth averaging **25%**, this brings the full year-on-year growth to **27%**.

As announced on 23 August 2007, Asiatravel has launched its instant confirmation flight reservation service for flights departing from Singapore. In the next 2 weeks, we will be launching a dynamic package departing from Singapore with flight plus hotel on instant confirmation basis in a single booking process giving travelers a 1-stop-service with choice and convenience.

This marked the first stage of our on-going transformation from a niche hotel reservations service provider to a full service travel reservations provider.

Barring unforeseen event, the Group expects the positive room night growth trend to continue into FY 2008.
